

## *Our Core Values*

We Love - God and Others  
We Pray - Because We Believe in God's Power  
We Serve - The Needs We are Given  
We Believe - God's Holy Word  
We Share - What Jesus is Doing in Us

# *Community News Letter Fall 2017*

## *A Word from the Pastor*

We live in a misinformation age. Whether you turn on the news, read the paper, or check the latest Facebook story someone linked your name to, it seems that people are in a race to say things without verifying that they are speaking the truth. I am so thankful as a Christian I have a book that has stayed the same for centuries and contains actual truth. I'm of course talking about the Bible.

One of the great things about the Bible is its truths have been tested over and over again. We're taught to treat people the way we would want to be treated. It teaches husbands and wives to love each other with a sacrificial love. The Bible also tells our children that they need to honour their parents.

So much can be learned that would really help our world if we'd get back to reading this book and living what it says. At the very least we could be filling our heads with things we know have been proven true.

I hope these few words encourage you to seek truth.

*Pastor Kirk Perry*

## *A New Birth*

We started out bad, being born with evil natures....but God is rich in mercy....He gave us back our lives again, when He raised Christ for the dead (Ephesians 2: 3-5)

I am reminded of a period when all the agonies that afflict modern minds were felt by another generation, the young people who lived during the first century after Christ. They too sought change, but they directed their efforts at individuals, not the Roman Empire, not at City Hall. And eventually the whole social and political structure felt their impact. In short, those renewed men and women became filled with a unique dynamic force.

Today this same force is available to all people. Over the centuries it has worked in the lives of millions. I personally have seen thousands of people changed. Jesus called it "a new birth." The scripture tells us that you need not continue as you are. You can become a new person. Whatever your hang-up – guilt, fear, anxiety, hatred...God can handle it!

Worry Luke 12:22-34

What are the major worries and concerns in your life? Your career outlook? Your financial future? Your health? Marriage? Retirement? Your kid's future?

Here's a tougher question: What changes can you affect in any of those areas with your worrying? Not many. Jesus makes it clear that worrying is an exercise in futility. Good for creating ulcers, and little else.

A better alternative is to open a line of communication to God. Instead of internalizing your feelings and allowing your concerns to turn to useless worry, give them to the One who can do something about them.
